Comments	<input type="text" value="ACCESS: there is no provision for pedestrian access from the Parkway Station. Closing the Oxford - Kidlington Road will block access to the Parkway for other users, and disrupt bus services between Kidlington and Oxford.

PARKING: the existing Park-and-Rides have nowhere near enough capacity for a stadium of 18,000 people. Therefore we anticipate heavy levels of nuisance parking all over the neighbourhood on match days and evening entertainments.

ENVIRONMENT: there are no proposals to offset the pollution from excessive traffic and lighting the stadium, and the loss of the land currently used as for biofuel as a source for renewable energy"/>
