Comments	<input type="text" value="I fully support this Planning Application by Oxford United for a new Stadium.Oxford United is a focal point for Oxfordshire football and sports,being a Community / family based Club , the new Stadium will benefit all generations who will be able to use the facilities and enjoy being part of the Club for Oxfordshire.
I have been a Supporter of Oxford United for over 60 years and the attendances have been increasing ,which shows great respect and potential commitment for the Club , we managed to take over 40,000 to Wembley Stadium and deserve something special for our New Stadium that everyone in Oxfordshire can be proud of and use.
The transport options are good and will give match day travel options for supporters
The actual matches are usually every two weeks, with sometimes mid week games - so the full use of the stadium is limited.
The benefits to the surrounding areas will be a great opportunity to use the other facilities of the stadium for generations to come and benefit Oxfordshire,as we have very little for the general public at the moment.
Oxfordshire needs the New Stadium, so give the Planning Approval and let's get on with building it asap"/>
