I believe the new stadium is a great opportunity to benefit to the whole local community and thr County. The city would benefit as it will create more jobs, bring more people into the area, generating more income. Also the pride of people going to a Stadium that everyone would be proud of.

Having a successful football team it would give the city pride and this Stadium would help that. Without this the club will not have a home.

Lastly the current site isn't being used to its potential and having the stadium will bring that.

Please do give planning permission so the club can move forward and also the local area.

Thanks
James"/>
