Organisation Name	<input type="text" value="Rhianne heaton"/>
Address	<input type="text" value="30 Croxford Gardens, Kidlington, OX5 1XB"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I am writing this in OBJECTION to the planning application for the erection of a stadium using the land to the east of Stratfield Brake and west of Oxford Parkway Railway Station, Oxford Road, Kidlington. My main concern is that the stadium fails to meet standards necessary to build on the Green Belt. Having lived in Kidlington my whole life, I am very appreciative of the nature these Green Belt areas play host to, and I fear that plans to replace destroyed habitats with the planting of trees in an allotted area is insufficient. Not only are ecosystems very delicate, in destroying habitats, animals will be displaced and are likely to be at risk of death or serious harm due to being pushed onto the main roads surrounding the Green Belt site. I am also concerned as a new driver, that traffic congestion and road safety will be hugely detrimental to the surrounding villages. Having been to concerts at stadiums before, I have witnessed people not following allocated footpaths and instead choosing to walk along busy roads. As a road user who has recently started driving, I am concerned this could lead to serious injuries or even perhaps death, especially when considering the usually jovial manner of football fans. Therefore, I am thoroughly against the current planning application."/>
