Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value=""/>
Address	<input type="text" value="30 Purslane Drive, Bicester, OX26 3EF"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I'm in support of the proposed new stadium at the Triangle site for the following reasons

1) the environmental benefits it will bring. With the proposed stadium being within an 8min walk of a mainline train station plus a number of local bus routes. It will allow me and I'm sure a number of other users of the stadium (tourist, visitors, players, staff, football supporters) to make use of the numerous public transport links available and reduce significantly the number of users travelling via motor vehicles.

2) benefits to the county of Oxfordshire. Having a world class sustainable venue, that could not only be used for sport but also conferences, exhibitions, concerts etc. So close and accessible to not only Oxford City, but also to the surrounding county. Will bring much needed jobs, and revenue to the local area and county plus showcase what is great about the county of Oxfordshire."/>
