Comments	<input type="text" value="I believe that this would be a massive benefit for Kidlington and the surrounding areas. This is not just about adult football OUFC provide a lot of other things too. The community side of the club is very good supporting the youth in the community. We were involved in this with our sons it gave them so much. Also as a young adult my son was able to do work experience on several occasions with the club that has been a massive help in deciding which way to go with his career. I was brought on Oxford United as my father has been a session ticket holder for more than 50 years. For him this is very important to still be able to go and watch, yes he's in his late 80's it's not all about young football thugs.!!. It would bring a lot of revenue to the area. It would be awful if OUFC were unable to get a new home. This would be such massive asset to Kidlington and something that is very much needed. I really hope this planning gets approved."/>
