<b>Comments</b>	<input type="text" value="Further to my previous objection I just wanted to add that building a stadium between two major roads which links Kidlington to Oxford is detrimental to the people who live in Kidlington and will almost certainly mean they are trapped during match days if crowds of fans are crossing those roads without an underpass or footbridge being built across them. Public transport will also be affected. In addition the area of land designated looks far too small to accommodate the stadium and other buildings/facilities planned for the site. The proposed housing development planned on North Oxford Golf course will not be so attractive to would-be purchasers if they overlook a stadium !&lt;br/&gt;&lt;br/&gt;Thankyou for considering my objections"/>
