Comments	<p>I am a local resident in Kidlington. I object the OUFC stadium planning because:</p> <ol style="list-style-type: none">1. My family loves the silent and safe environment in Kidlington. The proposed stadium location is near to my house and it will probably create huge noise and bright light when there are football matches or other functions like concerts. Also, we are worried about there will be an increasing crime rate in Kidlington or Summertown such as assaulting crime and driving under the influence of drink.2. It will bring great pressure on the existing traffic with lots of football fans / audience and vehicles coming or leaving the stadium. It will cause chaos to North Oxford traffic and obstruct residents' travels.3. My family always travel to workplace, school and Oxford city centre by bus, I am afraid that it will be more difficult to get on the bus during match or concert days.4. The proposed location is on the Green Belt site which is not ideal and is contrary to the original planning. <p>As a responsible government / council for the residents, all doubts should be cleared before approval.</p> <p>Thank you for your attention and consideration.</p>
