Comments	<input type="text" value="I'm very concerned about the future of OUFC if the planning is not passed on the new stadium to be built at the Triangle.
I urge the councillors to work with the club to make the ground a viable option. This will be a valuable community asset for all. Oxford United is not just about the men's first team, they have football for all age groups, boys and girls, people with disabilities , school/hospital visits in the community and walking football for the less mobile.
It would be disastrous to lose the only professional football club in the county because they add so much value to Oxfordshire.
No new ground will mean Oxford United will cease to exist. You have difficult decisions to make and I trust you will come to the right decision and support Oxford United in building a new stadium that will bring joy to the people of the county for generations to come."/>
