<b>Comments</b>	<input type="text" value="I fully support this application. A new eco friendly stadium will benefit not just OUFC and the fans but Oxfordshire as a whole. It is an opportunity for the councils to put their mark on the future by providing a state of the art, community friendly facility that will benefit Kidlington, the City and Oxfordshire as a whole. This is sadly lacking in this area so far. The location, near the railway station, key roads like the A34, the park and ride makes it an ideal location. OUFC fans travel from across the county and beyond; away fans travel from far and wide so the badly needed existing rail facility is perfect for a new stadium. Help us by making Oxfordshire the proud home of a fine football club."/>
