<b>Comments</b>	<input type="text" value="Kidlington and The Triangle are one organic eco and social system because of its closeness to each other. Kidlington is already an overpopulated space and the stadium will more than duplicate the population especially in match days. This will produce disruptions and enhance the contamination already affecting the area. The movement of people by foot and private and public transport will be hindered affecting daily life. The level of air contamination will go higher because all will happen in a small space. The contamination of the noise of more than 15k fans chanting in the stadium will take away FOREVER the right of us, Kidlingtonians, to enjoy our weekends, weekdays and possibly holidays in the peace of our houses. Because all the above, this stadium commercial venture, which is what really is, will damage the physical and mental health of the residents especially the young and the elderly which in my estimation represent the majority of the population of Kidlington. WE DONT DESERVE THIS and doesn't need to happen.&lt;br/&gt;With proper negotiations OU could continue using Kassam stadium. It is well known that they have been economic with the trust about their planned parting with Kassam. If they don't want to go back to Kassam then they should do the right thing, be socially responsible and move to a less or non populated area. The Triangle and Kidlington are totally the opposite of that. Crewel District Council authorities. We elected you trusting that you would represent us and would look after our well being. Now is the moment for you to demonstrate that by REJECTING OU APPLICATION. Thank you and best wishes. Rita White, 23 years as resident of Kidlington and 32 years as resident of Oxfordshire."/>
