Comments	<input type="text" value="I am in support of the new stadium.
I have been an Oxford United fan for over 60 years and look forward to the club having a home that we can all be proud of. The benefits to the whole county will be immense, the Kidlington community will benefit from increased revenue from home and visiting fans and they will also have a community based facility on their doorstep. The fact that the stadium will be based so near the A34, M40 and rail station will benefit all with minimal disruption .
Give us a stadium to be proud of for decades to come."/>
