Comments	<input type="text" value="Dear Sir / Madam , I wish to register my support for Oxford United's new stadium proposal's , I feel that the triangle site is ideally suited because of it's excellent road and rail links , the site is accessible from all directions and being next to Oxford parkway station and the park and ride system makes the site very sustainable , I and many others would plan to travel to matches on the train , reducing road traffic . The site isn't close to any existing housing so would not inconvenience local residents . Yours sincerely Clive Price ."/>
