<b>Comments</b>	<input type="text" value="This development will cause chaos on match days. The Oxford-Kidlington road will become congested and soon a matchgoer will be killed crossing the road to the car park (where there are insufficient spaces for everyone, in any case) unless a pedestrian bridge is built. However, it would be wrong to close the Oxford-Kidlington Road, which is a major thoroughfare, on match days. So much has been built over in this area and it is time to put a stop to the massive development, which is destroying our nature areas and completely eroding the green belt. Oxford United should stay in the stadium they already have instead of imposing themselves on this utterly unsuitable area."/>
