Comments	<input type="text" value="My granddaughter has attended a couple of games this season, she's the fourth generation of my family that has supported Oxford United for over 60 years, my grandson will be joining us in the coming seasons.

The various transport options, all electric eco-friendly stadium, designed to keep a lot of the noise within the stadium, the local sports clubs that play at Statfield Brake will have improved sports fields, the continued and expanding community work the club do, these are just a few of the benefits of the new stadium.

Please take this opportunity to give my grandchildren and all supporters of our fantastic club, a stadium we can call home."/>
