Comments	<input type="text" value="Oxford United is not only the name of the football team involved in this application but it is also the name of the atmosphere felt at the the games of our great Yellows. The Kassam has seen so many moments of joy, dismay, anger, and, above all, pride however it is time to move on. Not only must we move on, due to the end of the contract, but we must do so in the way which proves easiest not only for the team at OUFC but for the fans and residents of Cherwell. Denying this application will only lead to a fight for Oxford United's survival as a team and discontent within United fans towards the council. What this team provides is necessary to be in a new stadium, a stadium owned by Oxford United and not by the councils, this stadium is necessary.
The building of the stadium will add to jobs in Cherwell and provide a boost in the local economy which will be consistently repeated every matchday.
The proposal won't just give something for Oxford fans to be proud of, it will give something for Cherwell to be proud of."/>
