Organisation Name	<input type="text" value="Kay Alder"/>
Address	<input type="text" value="67 Park Road,Didcot Oxon,OX11 8QT"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Oxford United are the only professional football club in the county. They HAVE to leave their current location and fortunately the proposal to build at the triangle will prove to be a fantastic location both for home and visiting fans due to the very close location to rail links, bus routes from the City and park and ride car park. I live in South Oxon however work in and around Kidlington so I have a good understanding of the immediate community. I note there has been some objections (mainly due to scaremongering) regarding short temporary road closures. IF road closures occur, this is no different to many sporting locations around the country - it is short term, safe and no issues to the local communities. Oxford United will not survive without a stadium. Whilst it is a football club, it is not just about football. It is a support for physical health, fitness, mental health and more for all those who attend matches. For those that do not attend matches, it gives so much more back to the County via their community charity. Please do NOT kill the club, which belongs to all of us. Please support this application for the good of the current and. arguably the most important, all future generations within Oxfordshire and beyond."/>
