Comments	<input type="text" value="The football club does great things for the community and the people of Oxfordshire.

As a local resident, road closures would be inconvenient and I hope they build the footbridge that has been discussed, but for the future of Oxford United, it is critical that this project goes ahead.

I have seen the joy my son and his friends get from watching the football, having a home in Kidlington would be great for the county.
Adults and kids both need hobbies to focus on, football is a great example and brings people together. The county and residents need to support this project."/>
