Comments	<input type="text" value="I object to the building of Oxford United Football Stadium because:
1. There will doubtless be traffic problems of all kinds - jams, road closures, diversions, parking on local roads. I am an OUFC season ticket holder and have been caught up in various ways on match days so have experienced problems of parking even with a sizeable car park.
2. Destruction of wildlife habitat both at the The Triangle and in the vicinity.
3. Air and noise pollution: disturbance to the neighbourhood and beyond.
4. Issues of safety in all respects.
5. Oxford United are obviously starting to plan events - advertisement in their match programme shows they are holding a MUSICAL FESTIVAL in May 2024 at the Bullingdon. There's no doubt that if the stadium goes ahead this type of event will be held there - surely this could be true? Hence more noise and pollution.
6. Already the new housing estates, etc will cause more traffic problems in the area.
Please consider residents of Kidlington, Yarnton, Begbroke, Gosford and Water Eaton when making your decision. Please say NO to save these villages from absolute chaos."/>
