Comments	<input type="text" value="Hello,

I wish to extend my support towards the planning permission and subsequent approval of a new home for Oxford United. Having owned a season ticket for my beloved club since I was 6 years old and go to games home and away with my dad, having a sustainable home for my football club is ever so important and I wish for you to consider the impact it will have on my livelihood.

I am extremely passionate about the subject matter having previously emailed local councillors regarding my stance on the subject. I would like to reiterate that Oxford United hold a special community around the county of Oxfordshire, as well as spreading across the nation, since 1893. Establishing a home for Oxford United which would be beneficial for the club and the people of Oxfordshire is incredibly important and would be the first step of a new chapter of my life and for many people around me. Since I have attended games I have only experienced the Kassam as my home and as much as I have enjoyed some amazing days and night there, there is a mutual understanding around the supporter base that this is not a home that we are proud of. We want, and need, a stadium that can: provide the club financially, increase job opportunity around the area, a place for our community to gather and to be proud of, and a home where we are not ashamed of so that we can grow football in Oxfordshire."/>
