Comments	<input type="text" value="OUFC need this stadium. Without it the club will eventually die and that will bring an end to Oxfordshires only professional football club.

OUFC have already provided me many great moments, I love this football club, I love going to watch my team. Please don't put that at risk.

We have owners willing to build us a home, all we need from the council is support in doing so. Please, please help us.

The stadium design looks fantastic, the plans for minimal parking and use of public transport are great and exactly how we should be encouraged to attend games going forward.

I go to games with my dad and grandad, OUFC means so much to me and my family, and I know it means so much to so many other families and communities across Oxfordshire.

Please Oxfordshire County Council, do the right things and support this once in a lifetime opportunity for OUFC.
