Comments	<input type="text" value="I have been a supporter of Oxford United for over fifty years, my son grew up as a supporter and is now head of the development centre at Oxford utd in the Community. The club is part of our life and without the new stadium there will not be a club, I appreciate there are people who don't want the stadium, some who live near it and some who still think football fans just turn up to have a fight. In the fifty-five years I have supported them I have seen a handful of problems and have never felt scared for myself or my family attending matches, what i have seen though is the work the club does in engaging with the local community in and around Oxfordshire, thousands of children in Oxfordshire are engaged in after school clubs, the Development centre and the Academy each week and no stadium means none of the above. Please support the application for the sake of all the children and all the true Oxford utd fans and also for the people local or otherwise who will benefit from using the new stadium."/>
