Comments	<input type="text" value="Support for the only professional sports team in Oxford is an essential for this city. There is no other option for the club no matter. the environmental strategies outlined are hugely important and there is no sort of hooliganism present at the stadium - although councillors would have to actually attend a game and not read fantasies sprouted by FOSB to believe this. This action is needed now. Support the stadium, save the club, save our city."/>
