Comments	<input type="text" value="This is a unique and one off opportunity to provide a sporting facility for the people of Oxfordshire. The proposed location, considering transport connections and accessibility to the city is perfect. In addition, Oxford United is a special community asset to the people of Oxfordshire and future generations, worthy of and valuable enough to protect via this planning application. The benefits to many are significant, the negatives, to a minority, are minor in comparison. Let's no waste this chance build something special"/>
