Comments	<input type="text" value="It is vital that this proposal goes ahead promptly in order to secure the future of Oxford United Football Club. This club is a proud part of the community and a significant contributor to the identity of the city and county.

The development will bring economic benefits to the local area and provide an environmentally-friendly stadium that will be the pride of Oxfordshire. I am one of the many people who will use public transport rather than private car to travel to matches."/>
