<b>Comments</b>	<input type="text" value="It's very simple: OUFC are a major asset to the city, but currently have an ageing stadium devoid of atmosphere (and lacking one entire stand) in the middle of nowhere, with poor parking and transport links, that is unpleasant to cycle to, and which is beyond the range of most pedestrians, making it difficult to access.&lt;br/&gt;&lt;br/&gt;The proposed new site is far closer to the heart of the city and has excellent transport links (including train, but also all the other forms of transport listed previously that the poor location of the Kassam make it difficult to access)."/>
