Comments	<input type="text" value="I think the stadium will help with the environment and stop with the polluting of the planet which we have been learning about at school. For children like me it will give us a chance to have a place which makes us want to do more sport and stay healthy with our minds and our bodies. Lots of my friends at school and me are excited for the chance to go to the new stadium and it will be a brilliant place for everyone in Oxfordshire. Please say Yes to the new stadium and make me and other children in the County excited for the future."/>
