<b>Comments</b>	<input type="text" value="I opposed to the building of the new stadium on the ground of.. Road closures before and after matches which will cause traffic jams and make resident journeys longer to avoid the road closures. Parking issues to residence we will probably have to pay to park outside our own property. Also house prices will come down due to the noise and the pollution caused by the extra traffic around the stadium. Loss of yet more greenbelt that will affect the wildlife on that area. Oxford United are in debt for millions so where will the money come from to build this new stadium? They are a league one club so why do they need a 16,000 seater stadium when the average Gate is only 5 to 6000? Why not build a fourth stand at the Kassam? I strongly object on all of the above reasons, traffic jams, widespread parking issues, residence parking schemes, air and noise pollution,loss of more greenbelt and also the closure of the Kidlington Oxford gap we do not want to be part of Oxford."/>
