<b>Comments</b>	<input type="text" value="Our town needs a football club, and our football club needs this stadium.&lt;br/&gt;&lt;br/&gt;We cannot stay at the Kassam. The current stadium has no sustainable transport links and is located on a site better suited for much needed housing in the city. Much is said of the impact match day traffic might have but at the Kassam there is no safe cycle parking and no safe cycling route there. A move to kidlington would allow me and many other fans to cycle instead, and the rail links with Parkway would make the journey to football far quicker for many fans, and totally remove the need for a car journey. There is no other site in the city that can offer the transport links available in kidlington.&lt;br/&gt;&lt;br/&gt;And this is not just about football. The facilities proposed in this plan secures an active future for everyone across the city and county.&lt;br/&gt;&lt;br/&gt;I sincerely hope this application is approved and this club, my club, can finally have somewhere to call home."/>
