Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Objection to stadium due to 1. Lack of parking.

If fans have vehicles they want to travel & park as close to destination as possible. If parking in station car park/park & ride where are other train users / commuters to Oxford to park? No parking at stadium for amount of fans expected. Fans will look to park on roads in residential area close by like they do at the moment in Blackbird/Greater Leys

2.Traffic gridlock.
More housing being built in Kidlington, on North oxford Golf course & on the opposite side of Oxford Road, meaning more traffic on roads without the extra pressure from football traffic. If match days coincide with events at Blenheim Palace, traffic which already causes problems will be worse.

3.Loss of wildlife habitat.
We are informed some wild life species are becoming extinct. This is due to their habitat being destroyed if The Triangle is built on more habitat/animals will be lost.

4. Loss of Green belt
Due to more housing being built around Kidlington more green belt is being swallowed up .If the stadium goes ahead even more green space will be gone."/>
