<b>Comments</b>	<input type="text" value="This is a crossroads in the history of OUFC.&lt;br/&gt;The Club has nearly ceased to exist on to many occasions over the years.&lt;br/&gt;This stadium application is paramount to the continuation of the Club.&lt;br/&gt;It's not only paramount to the Club's existence but also to the thousands of fans that have followed the Club for many years.&lt;br/&gt;This is a massive part of our lives following the Club that we love.&lt;br/&gt;The stadium is to be sustainable and probably the most eco friendly one in the country.&lt;br/&gt;It's a facility for all of Oxfordshire particularly the residents within the Cherwell area.&lt;br/&gt;It will bring exciting new facilities to the local community as well as creating many new jobs within the community.&lt;br/&gt;It will boost the local economy which can only be good for the area.&lt;br/&gt;Travel to and from the stadium is being encouraged to use public transport, this will reduce the majority of extra traffic coming in to the area.&lt;br/&gt;I think the Club have been very complying in finding solutions to the vast amount of criteria laid out by OCC.&lt;br/&gt;I desperately hope that this planning application is approved for the long term existence of OUFC and for all of the Club's thousands of supporters."/>
