Comments	<input type="text" value="I support this application. My grandparents are from Kennington, my Dad from Summertown, my uncle lives in Thame. I have supported Oxford United for over 40 years and have spent many of my happiest hours there. I want this stadium to be built to ensure that the vital work the club does in the community and the critical part it plays in positive mental health of thousands of Oxfordshire residents and exiles like myself continues. the stadium plans for sustainability are truly impressive and I will play my part by travelling to the stadium by train, something which is impossible currently. I can't imagine a world without Oxford united and how devastating it would be for the people of Oxfordshire and this great county to lose its only professional football club. Please please do the right thing and support this application."/>
