Comments	<input type="text" value="I oppose the siting of the stadium on the Triangle. Living near by, and being elderly, I am worried about people parking in the street, blocking driveways, causing trouble, littering, and being a nuisance. Noise pollution is also a worry, as thousands of fans chanting, is not something that anybody wants to hear. Traffic congestion would be awful, with most fans wanting to bring their cars to a match, given the current lack of provision with public transport. The natural habitat of animals within the triangle would be affected, and lost forever, with an added risk of flooding due to all the surface water."/>
