Comments	<input type="text" value="I am writing to support the proposed new stadium at the Triangle. Oxford United, the county's only professional sports club, faces being homeless & possibly even extinction unless they get approval for a new stadium.

I believe the location is perfect for encouraging people to travel to the stadium without using a car. I for one would plan to get a shuttle bus from Thornhill P&R to Oxford Parkway instead of driving as I currently do to get to the Kassam Stadium.

The stadium design is amazing & the plans for the stadium surroundings I believe are sympathetic & beneficial to the local community. The economic benefits to Kidlington are significant, not just on a match day but throughout the year in terms of employment opportunities & community activities.

Dependant on results there could be 30,000 Oxford United fans heading for Wembley next month for a play-off final which would be a massive display of the strength of support the club has. I don't know of anything else in Oxfordshire that is capable of bringing together such a large & diverse section of the local community & so I urge you not to let us all down & approve the proposal for the new stadium."/>
