Comments	<input type="text" value="My husband's family have supported Oxford United for decades. With his father taking the family to the Manor Ground for every away match. Even on moving to Guildford we (yes, I myself) joined them as often as possible. My father in law sadly did not get to the Kass having passed away before it was built.
My husband and I moved to Cornwall and had two young Oxford fans ourselves. One of our sons and his wife regularly accompany us to home and away matches despite the distances. My plea to build a new stadium at the triangle site comes from the heart.
Without our beloved Oxford United a light will go off in our lives.
The site proposed is ideal not only for the football club but for the community of the surrounding area but for Oxford as a thriving and vibrant city. Parking has always been an issue at the Kass. But with a park and ride service from surrounding areas and also the use of Oxford Parkway railway, there would be few parking problems if at all at the new Site. Many people visiting the Kass walk to the stadium. This would be a great, environmentally friendly mode of 'transport'.
Finally my plea is that you do not deny the youngsters a chance to grow up with the club and all it stands for. Just like my husband and his brother did. Just like our two sons."/>
