Comments	<input type="text" value="I am writing to object most strongly to the development of this stadium. Firstly a commercial development of this size and scale is contrary to the Local Plan and planning policy for Green Belt sites. And most critically it will destroy valuable biodiverse wildlife habitat. The UK is one of the most nature depleted countries on earth. We are ay code red for nature 43% of UK bird species are in decline; 1-in-6 UK species are at risk of extinction and one million global speciesare identified at risk of extinction; UKs flying insects havedeclined by 60% in 20 years. These are shocking figures and we must take stock. Building this development on this valuable biodiverse wildlife habitat is a massive error of judgement which will have catasrophic consequences."/>
