Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value=""/>
Name	<input type="text" value="Jason Hakin"/>
Address	<input type="text" value="35 The Moors,Kidlington,OX5 2AH"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The traffic around Kidlington (Banbury Road into Oxford and the Kidlington roundabout) is already rammed and dangerous to drive on with the current level of traffic. There are neighbourhoods nearby that will have constant problems with people parking illegally for the stadium. Also, the environmental element cannot be ignored. Cement produces massive amounts of CO2 and there is an existing stadium already in Oxford. In a world where sustainability is our biggest issue, this seems wasteful and unnecessary. This would be destructive to our village, the surrounding nature areas and the well being of the people living here."/>
