Comments	<input type="text" value="I would like to write in support of this development.
This is an essential development of a stadium that is required to keep Oxford United football club and the entire community alive!
Without this, there will be major uncertainty to the future of this club and thousands of peoples lifes will be affected but this.

Although i am not a direct kidlington resident myself, i spend a lot of time in and around kidlington, with grandparents being residents and working close by. I know this development would massively benefit the entire community along with bringing in a huge contribution to the local economy!

Please consider the effects of the entire county without the benefits of the football club. Lack of community, economic continuation, togetherness, football facilities for kids, and many, many more benefits it currently brings."/>
