Comments	<input type="text" value="I write this in support of this planning application.

Oxford United has been a constant in generations of people lives since the club was founded. By allowing this application not only will the council secure the future of the club it will also give future generations something to aspire to and allow the community somewhere, at last, to call home. The creation of local employment, community use of the facilities and the local economic benefit far outweigh any potential shorter disruption the build will cause.

Personally since the days of the Manor ground I have followed Oxford United, brought up by my dad and grandad. Nothing will replace the Manor, but this application for this stadium will get close. I am now that dad bringing my son to matches and supporting our local team. We don't follow the 'big teams' we support Oxford United, our local team. The uncertainty of our current situation at the Kassam Stadium has given us great cause for concern over the clubs future. Without a 'Home' Oxford United will cease to exist. That is plain to see and understand."/>
