Comments	<input type="text" value="I would rather this development not go ahead as there has been so much development in the area already. The traffic in the area has increased significantly which will be made even worse with all the building plans from Yarnton to Woodstock. There are other options available rather than cramming this development into an already heavily congested area. Other negative effects are the loss of what's left of the area's greenbelt, regular restrictions and road closures affecting local residents who should not have their lives impacted on by something they don't want or need."/>
