Comments	<input type="text" value="Some years ago the local residents objected when Kidlington was declared to be a 'town'. We are a village and for many reasons this plan is likely to cause gridlock on match days. The title is 'Oxford City' and it would make more sense to look for a more suitable site within the city itself. Kidlington is also home to a fire, ambulance and police station and surely road closures on match day could have serious repercussions on these services. Living close to the roundabout we already have parking on the street at full capacity most days. Perhaps it's time to safeguard 'green belts' before they are lost for good."/>
