<b>Comments</b>	<input type="text" value="Oxford United have been my football team since I was young. I've followed at The Manor, The Kassam, and hopefully beyond, at our planned new stadium. The club desperately needs this show of support from its current owners and the council, as the departure of Kassam left the club without it's own stadium and much needed revenue stream to ensure the survival of the club. This new stadium will allow not only the club, but also the local residents to benefit. They have committed to sustainable development and operation, with support for local grass roots sports too. Being so close to the Oxford parkway station, will give myself and others good sustainable options for travel to and from matches, reducing congestion and pollution on the roads. I hope the council will support this application as I can only see benefits for all parties."/>
