Comments	<input type="text" value="The new stadium provides opportunities for Oxford United to further develop Sport and Community engagement. Land for the proposed site seems of poor quality and landlocked with major roads. Nearby the Parkway station along with there major roads enables access and egress without impinging the over-congested Oxford Ring Road.

The whole relocation has come about through an unsympathetic landlord that hinders development and as experience has show cannot be trusted to deliver development promises. Viz The Priory and lack of stadium maintenance. Hence the club has no option but to seek alternative sites."/>
