Comments	<input type="text" value="As a long term resident of Kidlington I am opposed to the proposal for a football stadium because
1) the increase of traffic which is already high on the kidlington roundabout and on match days with traffic coming from all directions if will be gridlocked. Sainsbury's nearby is also very busy at weekends. The suggestion to close the main road for 30mins before and after matches is crazy , I doubt if 30 mins would be sufficient and will probably have to be extended. Cars are likely to be parked around the village to avoid parking fees. It is the wrong place to put a stadium
2) the destruction to the flora and fauna is very depressing especially when the removal of the golf course is also going to happen. The loss of many mature trees and wildlife that has become established over the years is very sad.

This is an assault on the Kidlington and its residents."/>
