Comments	<input type="text" value="Once again the green belt is Targeted for development, this time for a commercial purpose, and set to destroy nature at Stratfield Brake. Football brings large crowds, some of whom are trouble makers, and we don't want these people in our village. More people means heavy traffic and congestion, plus a serious parking problem. This proposal will create unsightly buildings on a site of natural beauty. Traffic will come to a standstill on football days and add heavy pollution. Police will have to attend taking them away from other duties."/>
