<b>Comments</b>	<input type="text" value="I have been attending games with my Dad since I was young and it is a great memory of our time together. We went to home games since the mid seventies and always looked forward to our time together. We went to most games and were at Wembley in 1986 for a day which is neither of us will forget.&lt;br/&gt;I have passed on this passion for the football club to my children and similar to the quality time spent with my father I now enjoy the same privilege too. Its more than just 90 minutes of sport, its a day out with family as a unit and a means to bond with family. I want my children to continue in this manner and have a team to support in the future. We would use public transport to travel to the new location as we have to drive the current site.&lt;br/&gt;This proposal is the lifeline for the football club and the only way to retain a professional team in the county. To have owners wishing to invest over 100 million pounds in a sustainable facility the city can be proud of is an excellent opportunity to safeguard a sport which gives so much back to the community. Please consider the positive aspects of this application as they have addressed concerns raised prior to submission."/>
