<b>Comments</b>	<input type="text" value="I support the proposed new stadium, as it will provide more accessibility by public transport, reducing the amount of cars on the road. It will provide our local long standing football team with a permanent home, while also providing 21st century facilities for other local sporting groups to use. It is imperative that oufc are allowed to build this, as it will secure their future and create a stadium worthy of Oxford, at the same time creatine a greener, more sustainable stadium. I am local to the area and believe the stadium plans will benefit the Cherwell District council area, bringing more people into the area and therefore providing business to local shops in what are difficult times for businesses."/>
