<b>Comments</b>	<input type="text" value="Hello&lt;br/&gt;I strongly oppose&lt;br/&gt;The building of the stadium, even though my family have been lifelong OUFC fans and have gone to many games. However having it in my back garden would be devastating. I have concerns about preserving natural spaces, biodiversity, and maintaining the integrity of green belt areas for future generations. Along with worries about increased traffic, noise pollution, and disruption to local ecosystems.&lt;br/&gt;I am not a born and bred resident of Kidlington but did make it my home 25 years ago and decided to start a family here. My choice of the area was that it is near to the city centre yet rural village with good amenities. I appreciate Kidlington is changing but the build would be yet more industrial and take away that small community feel. Not a beautiful place with surrounding countryside but a great big blue building that resembles IKEA.&lt;br/&gt;The disruption to the residents of Kidlington with the number of people it will bring to the area (rumours of roads being closed) and the potential trouble of away fans mixing with home fans. The traffic and worry every Saturday that there will be trouble in the pubs, not to mention the cost that extra security would bring. I do not see the benefit to kidlington at all in having the stadium here."/>
