Comments	<input type="text" value="I fully support the proposal for this site and a new Oxford United stadium. It will bring many opportunities to the area, especially with higher attendances with the better transport links vs the current stadium. The team will be able to generate more income, to improve the club and take it the higher leagues, which will benefit the whole city. As a concert promoter, I would also love to use it to put on concerts, something which is difficult to do at soulless Kassam stadium. This would again generate more income for the area."/>
