| Comments | <input type="text" value="My father and Uncle (sadly both are no longer with us) were season ticket holders from the Headington United days. My mother (now 87) listens to every game on radio Oxford) Me, my son and Father in Law are all season ticket holders and also travel to most away games. Oxford needs a professional football club and in my opinion they need a new stadium to create a self sustainable club for future generations. Without the support of current and previous owners the club couldn't survive at the Kasam Stadium. The new stadium will allow revenue to be generated 7 days a week all which will go back to the club. There also won't be rent/service charge to pay to Firoka which is crippling on its own. Match day (home or away) is all about being together with family and friends with the togetherness of of the highs and lows of being a fan. You cannot beat the experience of live sport watching a team that has been supported by my family for 70+ years. Win or lose, up the Yous"/> |
